be deemed necessary. I do not see that the views
 of Mr. Burnham and Mr. Philip Corbin can be carried
 out with less than 20 cts per share as they want to
 put up a 50 stamp mill. To do this and carry
 on the necessary work meantime may need
 25 cts per share as the big end of \$100,000 will be
 required. I am willing to now take outlying
 stocks from either Jew or Pontile at the fullest amount
 of our own assessments but if not accepted
 before annual meeting they must look out for
 themselves. You may run against Ingraham &
 I think you might, in some way, let him under-
 stand this and that future assessments are
 likely to be. Chas. And. Corbin spent last Tues-
 day here, but Mr. B. had not then, yet to Phila.
 He is now here, and they both still feel as I
 have expressed above regarding Mill &
 I already made you that I would like your views as to
 the best way of dealing with the stock - or upon any
 other feature of the business. Better caution Newell

All at Media are as well as usual only that
 Anna is poorly with sore throat. Josie is bet-
 ter. It does not pain her and the ankle is weak.
 Your aunt Diggie has had a back attack of
 Rheumatism in addition to ^{her} other knee trouble.
 The others are as usual and are hoping to
 get to Atlantic City the latter part of this
 week if the good weather holds. Mamma is
 to go in and stay at the Cherry St. house
 while they are away.

I am very sorry that Geo R. is so poorly,
 but much relieved that yr cold is gone.
 When yr glorious spring opens I think
 George will be better.

I will report you to all the family
 here.

Over affly J. C.
